

DATA SHEET

ELSA Sprint

The Sabre ELSA Sprint is a positive pressure escape set providing air on demand for situations where the escape route may require a lot of physical exertion or where the maximum levels of protection are required.

Key Features

Available with a facemask or positive pressure hood

High visibility or anti-static bag

Tempest demand valve offers excellent flow performance 10 and 15 minute versions of ELSA Sprint are available

Facemasks

Lightweight PanaSeal positive pressure facemask approved to EN136 Class 3. Moulded in non-dermatitic Neoprene or silicone and fitted with an optically clear, impact resistant polycarbonate visor. Anti-scratch coating, speech diaphragm and side mounted, quickfit demand valve connection are standard. Supplied with head harness.

Flame Retardant Hoods

The high visibility cuboid hood incorporates an optically clear visor to ensure all round vision. An elastometric neck seal ensures easy donning over spectacles, long or facial hair. A small orinatal mask controls the rebreathed CO₂.

Standards

CE marked to EN402
